EXAMINER'S AMENDMENT

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Applicant's Attorney, G.T. Shekleton on December 16, 2004.

Claims 2-4 and 17-18 are cancelled (see below).

Claims 1 and 5-11 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 12-16, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Process claims are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Claims 1 and 5-16 are pending.

The application has been amended as follows:

See attached sheets for amendments to the specification and claims.

Amendments to the Specification begin on page 2, and amendments to the claims begin on page 4.

The following is an examiner's statement of reasons for allowance:

Applicants elected Group I for prosecution and reserve the right to file divisional applications with regards to non-elected subject matter.

Art Unit: 1654

Compounds of formula I, cyclic tetrapeptides with a tyrosine-like amino acid adjacent phenylalanine-like amino acid are neither suggested nor made obvious in the prior art. The closest prior art, US Patent 6,566,327, discloses cyclic tetrapeptides, but does not teach compounds of formula I. Methods of using said compounds of formula I are neither suggested nor made obvious by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CLAIMS 1 and 5-16 are ALLOWABLE.
